

VIGNESH R

Software Engineer | Java Full Stack Developer

Dharmapuri, Tamil Nadu • +91 9629888650 • vigneshravi2004@gmail.com

LinkedIn: linkedin.com/in/vignesh-r-946ab8329 | GitHub: github.com/Vigneshravi2004

Professional Summary

Computer Science and Engineering student with hands-on experience in Java, Python, Machine Learning, Web Development, Data Analytics, Database Management, and UI/UX Design. Strong knowledge of Object-Oriented Programming, Data Structures, Algorithms, DBMS, Operating Systems, and Computer Networks. Seeking Software Engineer or Java Full Stack Developer opportunities.

Technical Skills

Languages: Java, Python, C, PHP, JavaScript

Frontend: HTML5, CSS3, JavaScript

Backend: Java, Flask, PHP

Database: MySQL, MongoDB

Machine Learning: Scikit-Learn, Pandas, NumPy, OpenCV

Tools: Git, GitHub, NetBeans, VS Code, Power BI, Excel, Figma, Adobe XD

Core: OOP, Data Structures, Algorithms, DBMS, Operating Systems, Computer Networks

Projects

Customer Churn Prediction System

Python • Flask • Random Forest • GitHub: github.com/Vigneshravi2004/CustomerChurnProject Built a customer churn prediction model using Random Forest. Developed a Flask dashboard for prediction and reporting.

Aesthetic Men's Fashion Outfit Recommender

JavaFX • GitHub: github.com/Vigneshravi2004/Eternart_fashion Developed a desktop application recommending fashion outfits.

Handwritten Digit Recognition

Python • OpenCV • GitHub: github.com/Vigneshravi2004/DigitalRecognition Implemented image preprocessing and handwritten digit recognition.

Travel Planner App & Sales Forecasting Developed a Cordova-based travel planner with offline storage. Performed sales forecasting and dashboard creation using Power BI.

Education

B.E. Computer Science and Engineering

Anna University Regional Campus, Coimbatore (2023–2027)

CGPA: 7.60 / 10

Certifications

Google Cybersecurity • IBM Generative AI • IBM Design Thinking • Celonis AI Foundations • MongoDB • Prompt Engineering • Microsoft Cybersecurity • Microsoft AI Dream Destination • Data Science Internship

Achievements

- Completed 15+ software development projects.
- Participated in ITRIX'25 and Shristi2K25 technical events.
- Earned certifications from Google, IBM, Microsoft, MongoDB, and Celonis.

Languages

Tamil (Native) • English (Professional)
